Lynchburg Suffers Severely When  
Stones Half-Inch in Diameter  
Cover Earth.

**SUES FOR AN INJUNCTION**  
Danville Merchant Would Halt  
Mayor and Police From Enforcing  
Sunday Law—Other News Notes  
From Various Virginia Points.

[Special to The Times-Dispatch.]  
LYNCHBURG, VA., July 13.—The  
worst hailstorm in many years swept  
over Lynchburg yesterday and for  
twenty minutes it fell in a most  
unusual way. In twenty-five minutes  
the precipitation, as recorded by the  
self-measuring instrument, amounted to  
3.4 of an inch. All but .04 of an inch  
of this fell within fifteen minutes, when  
the hailstorm was at its height. The  
stones averaged in size about half an  
inch in diameter and after the storm  
the ground was covered. The storm  
was accompanied by thunder and  
lightning.  
Telephones leading to the country  
districts were put out of commission  
by the storm. East of the city, how-  
ever, there was little hail, for be-  
tween Lynchburg and Greensboro, Md.,  
the hail was not sufficient to cut leaves from  
the trees, was not of sufficient intensity  
to do much damage.  
Gardens in the city suffered and it  
is probable that the reports will  
show many of them ruined.

DANVILLE, VA., July 13.—Follow-  
ing the action of Judge William Leigh,

the docket, unopposed arguments  
were heard here today. Mr. Kusner  
appealed to the court asking that an  
injunction be granted, restraining the  
Mayor, the chief of police and officers  
from enforcing the Sunday closing law.  
A hearing has been set for next Tues-  
day. In the event of an injunction be-  
ing granted, Kusner will ask that the  
injunction be made permanent.

granted furlough from abroad in order  
to enable the men to recover from  
wounds and to spur on war movements  
in this country.  
Barber went aboard the transport  
and prepared his bunk. About one hour

War Department.

WHO MAY APPLY FOR ENTRY

Information Given as to Physical and  
Educational Requirements—Will  
Receive Candidates From Twenty  
to Forty Years Old.

A memorandum of information re-  
gard to the central officers' train-  
ing schools in Virginia was yesterday  
received by Adjutant-General J. Laro  
Stern from the War Department.  
"The memorandum received this  
morning," declared General Stern yes-  
terday, "is a complete summary of the  
processes through which a candidate  
must go in order to gain admittance to  
one of the training schools. It is also  
a comprehensive statement of the nec-  
essary qualifications of these candi-  
dates, and should be of great interest.  
For several months this office has  
been receiving communications from  
applicants requesting information on  
the points covered by the newly re-  
ceived memorandum."  
It, in brief, is as follows:  
"Central officers' training schools are  
open to (a) enlisted men of the regu-  
lar army, National Army and National  
Guard, except coast artillery corps,  
signal corps and labor units; (b) civil-

have been born in any of the countries  
with which the United States is at  
war or allies of such countries. En-  
listed men must have the moral and  
physical qualifications required of an  
officer. Civilians must be graduates of  
a high school or have pursued an  
equivalent course of instruction, must  
be of good moral character and must  
have the physical qualifications re-  
quired for a commission in the officers'  
reserve corps. Requirements for  
visual acuity for candidates are as  
follows: A minimum of 20-70 in the  
left eye and 20-40 in the right eye  
without glasses, correctable to normal  
by the use of glasses, and normal color  
perception.  
"Civilians possessing the requisite  
qualifications as to education, char-  
acter and physique, who desire to at-  
tend the officers' training schools will  
apply for information and necessary  
blank forms to the army officer on  
duty as professor of military science

least three testimonials by reputable  
persons as to good character, and a  
record of the physical examination of  
the applicant, submitted on prescribed  
form and made by a reputable physi-  
cian. The application and accompany-  
ing papers will then be forwarded to  
the office of the officer on duty as pro-  
fessor of military science and tactics  
at an educational institution nearest  
the residence of the applicant. Upon  
receipt of the application and necessary  
papers, each applicant will be notified  
to appear in person at his own expense.  
The appointed time, before such pro-  
fessor in military science and tactics,  
for a preliminary examination, regard-

tend an officers' training school.  
After each applicant has been ex-

together with all papers connected with  
same, will be forwarded by the pro-  
fessor to the commanding officer of the

placement troops.  
"No applications will be considered  
or received by the War Department."

## UNION SERVICES

Open-Air Meeting to Be Held To-Night  
at 8:15 o'clock in Monroe

The second of the series of open-air  
services by ten leading Richmond  
churches will be held to-night at 8:15  
o'clock in Monroe Park. The first ser-  
vice held last Sunday was extremely  
successful and attracted a large audi-  
tendance. The open-air services will  
be continued during July and August,  
and possibly for several weeks in  
September in event that the weather  
remains warm.  
Electric lights have been installed  
in the park by the Administrative  
Board in order to properly light the  
section where the services are held.  
Use of the band stand has also been  
granted for use as a choir and speak-  
ing platform, and park benches have  
been specially arranged for the ser-  
vices. With better seating facilities  
much of the confusion at the services  
last Sunday night will be eliminated.  
Rev. J. Francis Ribble, rector of St.  
Andrews Episcopal Church, will con-  
duct the services to-night, and the  
singing will be led by a trained chorus  
under the direction of George  
Russell. Those who will assist in the  
chorus choir are requested to report  
promptly at 7 o'clock.  
Many of the city churches have dis-  
continued night services during the  
summer months, and for this reason  
the union open-air services were ar-  
ranged to give an opportunity to those  
who wish to attend divine worship.  
The services are being conducted in  
Monroe Park under the auspices of  
Grace Covenant First and Second  
Presbyterian, Holy Trinity, St. An-  
drew's and Grace Episcopal, Centenary  
and Park Place Methodist, and Second  
and Grove Avenue Baptist Churches.

**SIX DEAD IN EXPLOSION**

[By Associated Press.]  
NEW YORK, July 13.—Six persons  
are reported killed and fifteen others  
injured in an explosion followed by  
fire on a Spanish oil steamship, an-  
chored in the harbor, to-day. The de-  
struction was caused by the burning  
marine chasers hurried to the burning  
vessel and took the injured men ashore  
where they were hurried to hospitals.

Fire-boats fought the flames in an  
effort to save the ship. The ship, of  
2,165 tons gross, had a cargo of motor  
trucks and oil intended for use by the  
American army in France.  
The explosion damaged buildings  
along the waterfront.

## SENATOR BORAH URGES ACTIVE INTERVENTION

Believes Large Element in Russia  
Would Gladly Co-Operate in  
Fighting Huns.

DENOUNCES THE BOLSHEVIKI

Senator Poindexter Declares Lenin  
and Trotsky Traitors to People of  
Russia—Would Never Organize to  
Resist German Aggression.

[By Associated Press.]  
WASHINGTON, July 13.—Military  
as well as political, intervention in  
Russia by the United States to bring  
about the establishment of a stable  
government and the overthrow of Ger-  
man influences was urged in the Sen-  
ate to-day by Senator Borah, of Idaho,  
who declared that not until that has  
been accomplished could a lasting  
peace be made.  
"I have no doubt in my mind that  
there is a tremendous force in Russia  
that is not in sympathy with the Ger-  
man cause," said Senator Borah.  
"There is every reason to believe this  
especially as a result of the activity  
in Siberia in the last ten days. There  
is a powerful force in Russia that  
would be willing to co-operate with  
any force that entered Russia without  
selfish purposes."

Senator Thomas, of Colorado, said he  
had learned from Major Raymond Rob-  
bins, of the Red Cross, who recently  
returned from Russia, that extended  
propaganda and other peaceful en-  
deavor in Russia would accomplish  
most for the allied cause.  
Lenine and Trotsky were denounced  
as traitors of Russia and the allies by  
Senator Poindexter, of Washington.  
"Mr. Robins," he added, "would have  
us turn our back on fair dealing and  
give aid and comfort to these traitors."  
The Bolshevik leaders, he asserted,  
would never organize Russia to resist  
the German army.

Suffrage Headquarters on

Tuesday.  
Members of the Equal Suffrage  
League of Richmond and all women  
interested in making the soldiers sta-  
tioned in Richmond as comfortable as  
they hope their own soldier boys are  
being made comfortable wherever they  
may be stationed, are requested to meet  
at suffrage headquarters, Fourth and  
Franklin Streets, on Tuesday morning,  
at 11:30 o'clock, in response to a re-  
quest from the Richmond Camp Com-  
munity Service, for work which should  
especially appeal to all women, coming  
as it does under the head of home com-  
fort. There is no financial obligation  
attached to the service, nor does it in-  
clude entertainment, while the render-  
ing of it will make the boys miss less  
the personal care of mother or sister.  
A large attendance is desired. Rev. H.  
D. C. Macelachlan, D. D., chairman of  
the executive committee of the Rich-  
mond Camp Community Service, will

But Goodrich Tires have respond-  
ed least to the rise.

for nine years reveals a pleasing  
surprise to tire users.

Goodrich tires are not costly for  
war times, or any other time.

price increases.

You can buy Goodrich tires 35 per  
cent less than you paid for tires nine
